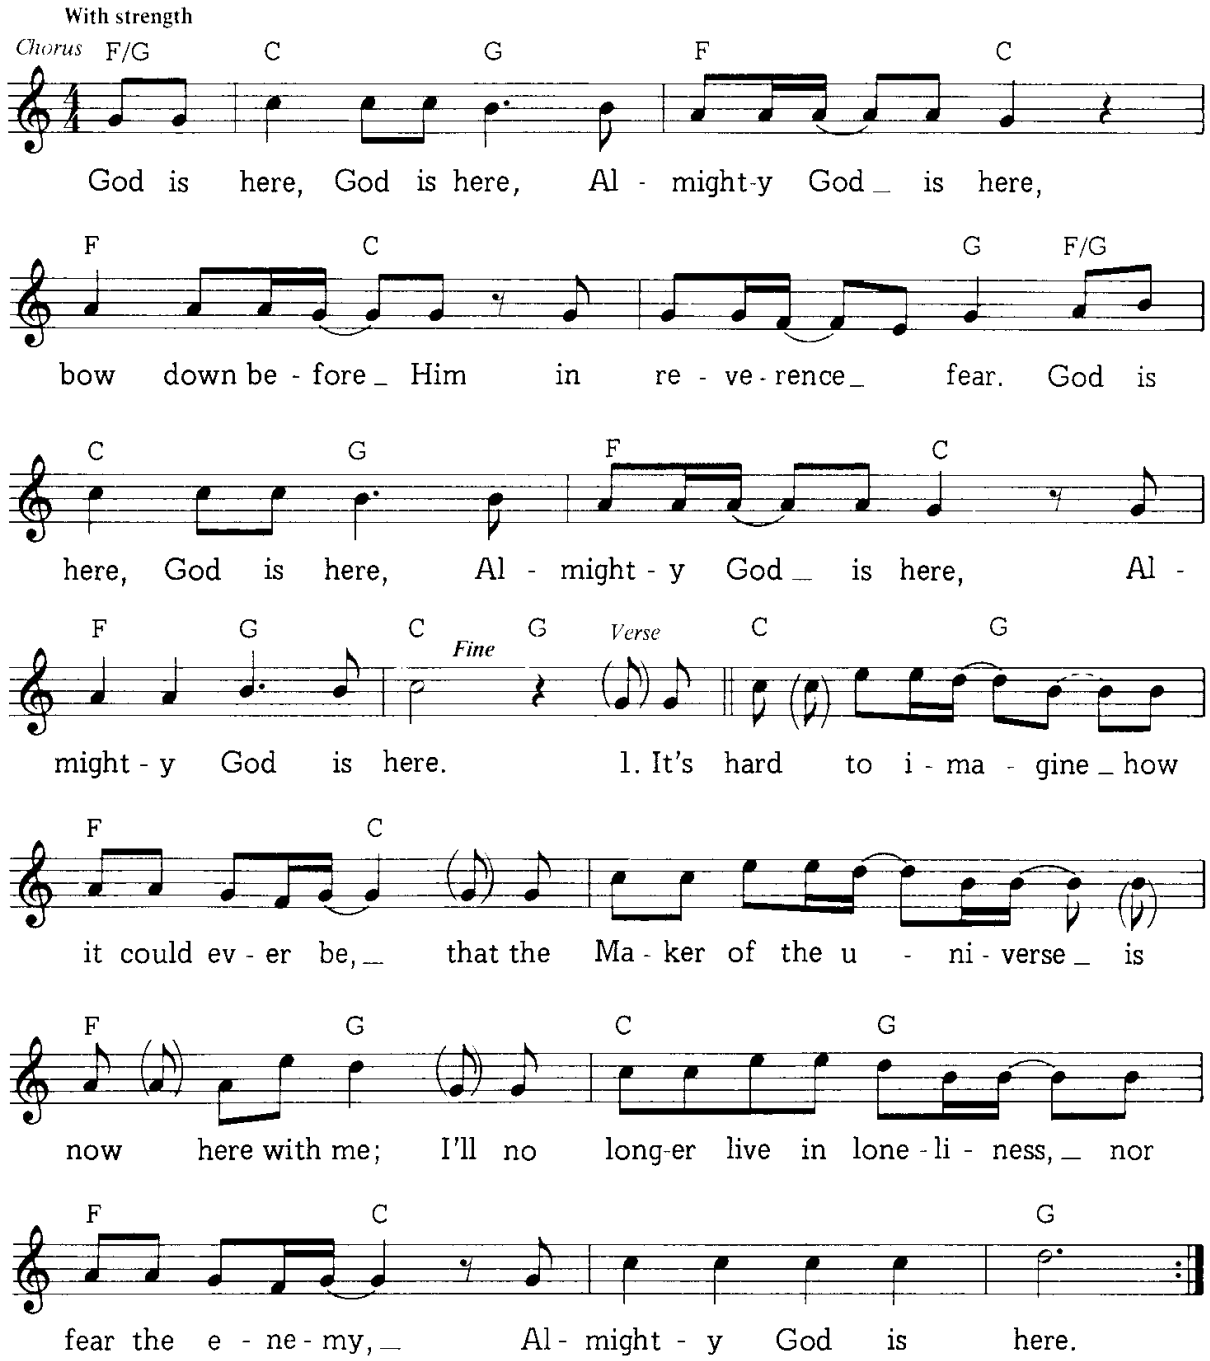
GOD IS HERE, GOD IS HERE
(Almighty God is here)

Ishmael



2. As I see my generation in sadness and in pain,
I hear the fools say there's no God, time and time again,
But fools can never change the fact our King is here to reign,
Almighty God is here.

3. So let's call together all the saints, their voices to proclaim
That the Father, Son and Spirit will forever be the same,
And the day will come when every knee shall bow at Jesus' name,
Almighty God is here.
